

Bill SB No. 184.

March 1, 2022

Brigette Sorensen

160 Boggs Hill Rd

Newtown, Ct 06470

Let it be known that I am opposed to absentee balloting replacing in person/booth voting. I was appalled at the mishandling and obstacles that were encountered during the last elections. I witnessed faults first hand that diminished the security I felt I always had showing up at the booth. Please do not vote yes on this Bill. Secure our rights to vote in person.

In a state of emergency this system served its purpose, but not with absolute clarity. To that fault, when no emergency is necessary to warrant such a system I declare my American right that the system that has stood in place stands fast.

Respectively,

Brigette Sorensen

(a 40 year registered voter)
